Welcome to the University of New Orleans

I am pleased to welcome you to the University of New Orleans, a research university located in one of the country's most exciting, culturally diverse cities. UNO is a comprehensive institution with a variety of academic programs ranging from an internationally renowned Jazz Studies program to an acclaimed Naval Architecture program, one of only four such programs in the country. We offer quality, affordable education—and a history of more than 50 years of academic excellence.

After Hurricane Katrina, our campus rebounded quickly and we are seeing unprecedented opportunity throughout the city and the state of Louisiana for the UNO family. The University of New Orleans offers our students and faculty a living laboratory, unique access to hands-on participation in the biggest urban renewal project in American history. In cooperation with the city's leaders and with its people, UNO is a key partner in the rebuilding of one of the world's most fascinating cities. Our academic programs in urban planning, engineering, and environmental sciences play key roles in strengthening our

community's infrastructures and restoring our wetlands. Through partnerships with businesses, students and faculty are helping to rebuild the local economy. Prospective teachers study in educational programs that are transforming the local school system through the University's successful charter school initiatives.

UNO resides in one of the most culturally rich cities in the United States, thus preparing our students for a career where each one's talent can be developed in an environment of unprecedented creativity. Many academic classes at the University revolve around the visual

arts, theatre, music, film, cultural tourism, arts education and creative writing. Visitors to the city can participate in a wonderful array of public performances including concerts, art exhibits, theatre offerings and film festivals.

We proudly carry the name of our unique city and will continue to reflect the strengths of our community. We will provide essential support for the educational, economic, cultural and social well-being of the New Orleans metropolitan area. We will serve as a link between Louisiana and the nation and the world. And now, your son or daughter begins that journey with us and we are excited that they will be part of our Privateer family.

Again, we welcome you and look forward to having your family with us.

Sincerely,

Dr. Joe M. King
Interim Chancellor ■

NSE extends beyond the borders of the United States to include U.S. territories as well as Canadian provinces. HONORS PROGRAM

Who qualifies for membership in the Honors Program?

First semester freshmen must have a composite ACT score of 26 (with at least 27 in English), SAT Score of 1170 (Reading Comprehension & Math), or be invited by the Honors Director. Continuing or transfer students may also qualify with a 3.25 cumulative GPA.

How does the Honors Program Work?

Students must satisfactorily complete 30 hours of honors credit. The only required Honors classes are these: Arts and Sciences 1119, an exploration of Greek literature and philosophy; and ENGL 1159, which satisfies the English composition requirement, or ENGL 2279, which fulfills a literature requirement. (A&S 1119 counts as a social science or humanities elective, and it must be taken concurrently with either of the Honors English courses.) These courses should be taken in a student's first or second ►

semester. As seniors, Honors students must complete an Honors thesis. This involves registering for six hours of Honors thesis credit, three to be taken in each of the last two semesters.

What are the benefits of membership in the Honors Program?

Honors students participate in accredited honors organizations and UNO Honors Council, which serves as a forum for social activities among honors students. Our students contribute \$10.00 per semester (Honors dues) to fund various activities like the College Quiz Bowl, a film series, the production of a newsletter, and the general cost of Honors Council gatherings.

What is the purpose of the Honors Program?

The Honors Program is designed to challenge academically astute students, offer a curriculum that will prepare them for success in their respective fields, and reward those motivated and competitive enough to achieve high academic goals.

How do I apply?

Applications are available in the Honors Office, or online.

Welcome to New Orleans!

Dear Parents,

We are excited to welcome you and your child to New Orleans, America's most authentic city where European traditions blend with Caribbean influences, the history is as colorful as the local architecture, and our music and food are legendary!

In New Orleans, we often use the phrase "Laissez les bons temps rouler," or "Let the good times roll," but we want to assure you that living in the Crescent City is about more than just having a good time, all the time. It's about living in a city known for its unique culture, notable architecture and extraordinary legacy. In fact, living in New Orleans, your child is residing in one of the most genuine destinations in the country, where a history lesson can be found on just about every corner. It is a tight-knit community with plentiful opportunities to get involved and connected with professionals in all industries.

Visiting your child in New Orleans will be both easy and enjoyable since we are located only 20-30 minutes from the Louis Armstrong New Orleans International Airport. And getting around the city is convenient and inexpensive. Not only is New Orleans known for its walkability, it is also known for its historic streetcar lines, offering passengers a view of the Crescent City at only \$1.25 per trip.

There are hundreds of cultural celebrations and festivals to experience with your family such as French Quarter Festival, the New Orleans Jazz and Heritage Festival, the New Orleans Wine and Food Experience, ESSENCE Music Fest, Tales of the Cocktail and Christmas New Orleans Style. We hope you find time to travel back to the Crescent

City to enjoy time with your child and experience the joy, revelry, and of course history, of New Orleans. For more information about New Orleans, visit our website www.neworleanscvb.com, give us a call at 1-800-672-6124 or stop by our offices located at 2020 St. Charles Avenue.
